## POSTPONED—Skate Night

Due to all the illness that has been circulating, we will exercise caution and postpone the Glow Skate Night. Mark your calendars for **Saturday, March 9** to have a “wheely” good time with us!

## Thank You

We want to express our **gratitude** for your **patience** and **understanding** as we navigated this week with so many of our students and staff being sick. We were disappointed to disrupt the academic calendar, but needed to prioritize the health of our school body. We look forward to returning to our full schedule with all classes operational. It seems there have been a variety of illness plaguing the community around us for several weeks now. Let’s do all we can to ensure our school has a fighting chance against germs and bugs. There are many measures we can take to be proactive in boosting immune health. We know **diet** is a major player and there is a host of reliable evidence that indicates **added sugar** has a **negative impact** on overall health. This [article](#) from the **Cleveland Clinic** cites the **recommended guideline** for daily sugar intake for children ages 2-18 from the **American Heart Association**. We appreciate your consideration in taking **POSITIVE** measures to boost your child’s health (adequate sleep, fresh air) as well as limiting negative influencers. **Thank you!**
