Student Opinion Pieces

Students in Mrs. Kaiser's class have been developing their writing skills by learning to write opinion pieces. Their science unit has recently focused on the cardiovascular and respiratory systems. We are proud of the work that these students did in incorporating what they learned in science into these opinion pieces.

You should not bring junk food to school.

First, it's not healthy. It can clog your arteries.

Second, it has a lot of sugar. Sugar is not good for your body.

Third, you can have a good body if you don't eat junk food.

Your heart is the most important part of your body and it has to be healthy.

In my opinion, junk food should be banned!

~Joshua, 3rd grade

Junk food should be banned in school.

First, lunch is healthy, but candy has cholesterol. It could give you a heart attack.

Also, God made good foods. God made watermelon, peaches, and oranges.

Finally, fruit tastes good. Yes, candy tastes good, too, but it is bad, too.

That is why junk food should be banned from school.

~Lizzy, 3rd grade

One Hundred Days of School

Students in grades **Pre-K through 1st** had fun celebrating 100 days of school this past week. The **9th graders** joined in to assist with some of the activities such as **building towers** with 100 blocks and 100 red, plastic cups. **Ms. Park** made a special visit and brought a 100 days themed healthy snack for the students. Delicious **fresh fruit** was served as part of the celebration. **Thank you to parents** who contributed. **Check out photos** from the day on our school **Facebook page**.

Sicknesses

We kindly ask you to keep your child home if he/she is experiencing any of the following symptoms: fever, cough, vomiting, diarrhea, rash, sore throat or pink eye. Early pick-ups due to **medical appointments** may be arranged by calling the office **no later than the morning of** to notify of the time you will be picking up your child.
